Professional hair care in the comfort of your home? From now on it is possible! To meet your expectations, we created HAIRLAB, a new product line that will guarantee healthy and beautifully looking hair. Rich composition and perfect recipes tailored to match your individual needs will make the dream of a great hair style a reality. The HAIRLAB line allows you to discover the beauty of healthy hair!

# PROFESSIONAL HAIRCARE IN THE COMFORT OF YOUR HOME

Did you know that taking good care of your scalp plays a significant role in avoiding such hair problems as dandruff, greasy hair or hair loss? A beautiful hairdo is a result of taking good care of **hair and scalp**. That's why we came up with an innovative formula of the HAIRLAB products to make it efficient not only on hair shaft but also on scalp. The HAIRLAB products have double power: they help tackle problems of scalp and at the same time make hair more beautiful.

The HAIRLAB lines such as DELICATE<sup>2</sup>, ANTI<sup>2</sup> DANDRUFF, ENERGISING<sup>2</sup> and STRONG<sup>2</sup>& MORE HAIR have great effects on scalp and combat such scalp disorders as itchy skin, dandruff, hair fallout and greasy hair.

Cosmetics of AQUA<sup>2</sup>, CURLY<sup>2</sup>, INTENSE<sup>2</sup> REGENERATING, VOLUME<sup>2</sup>, IDEAL<sup>2</sup> COLOUR series provide perfect care for hair, nourishing it, rejuvenating it, increasing its volume and enhancing its colour.

HAIRLAB products ideally complement each other so you could combine them to treat both hair shaft and scalp at the same time.

Every HAIRLAB cosmetic has a highly concentrated formula which brings fantastic results. If you are looking for spectacular and immediately visible effects, you should use all the cosmetics from one line at the same time.

Just remember about the correct sequence: first

**shampoo your hair ► than apply mask  
► follow with an elixir, oil or spray in  
the end.**

You can also take a next step and mix selected products together. For instance, you can add to AQUA<sup>2</sup> dry hair mask a few drops of IDEAL<sup>2</sup> COLOUR ELIXIR.

Your hair will be hydrated and regain intense depth of colour.

IDEAL<sup>2</sup> COLOUR ELIXIR can also be added to INTENSE<sup>2</sup> REGENERATING MASK. There are no limitations in the HAIRLAB Universe. A result will always be just that: beautifully and healthy looking hair!

To help you combine different products of HAIRLAB line depending on the hair type, we prepared a dedicated table on the last page of this brochure. Enjoy beautiful and healthy looking hair with HAIRLAB!

# Beautiful hair, naturally

# AQUA<sup>2</sup>

## FOR WHOM?

AQUA<sup>2</sup> Line is dedicated to people who have dry and dull hair, as well as static hair and with split ends

## THE EFFECT

Thanks to intensively nourishing formula enriched with extra dose of hyaluronic acid, the AQUA<sup>2</sup> line perfectly hydrates hair which is dry, prone to frizzing and damaged. AQUA<sup>2</sup> brings back the flexibility and silkiness to hair, providing glow and protection also to colour-treated hair.

Experience the moisturising results you have never seen before!

## POWER OF MOISTURISING INGREDIENTS:

- |                         |                                                                                                                                                                                         |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Hyaluronic acid:</b> | gives hair and scalp the long-lasting effect of moisturising. It protects hair from dehydrating                                                                                         |
| <b>Panthenol:</b>       | It improves the condition of hair by penetrating its structure and not only hydrating it, but also thickening it and increasing its volume. The hair is full of shine and easy to brush |
| <b>Jojoba oil:</b>      | is a liquid gold in daily haircare. It brings back the elasticity and flexibility to hair while making it soft and resistant to frizz                                                   |
| <b>Linseed oil:</b>     | it contains EFA (essential fatty acid) which participate in the production of phospholipids and thus help maintain the skin's water/lipid balance and proper level of moisture          |
| <b>Rice oil:</b>        | makes hair looking shiny and healthy                                                                                                                                                    |
| <b>Diglycerine:</b>     | it binds water to moisturise and make hair strands more flexible                                                                                                                        |

AQUA² SHAMPOO | 250 ml
