

UTIQUE

“The most beautiful thing we can experience is the mysterious”

Albert Einstein

UTIQUE

UTIQUE is a new name in the universe of luxury perfumes and cosmetics, arranged like a bouquet of sensorial variations. Composed to capture beauty, equilibrium and vitality. Created to affect our existence by adding a touch of luxury to everyday moments. To make life full of passion. UTIQUE is excellence, for those who desire to escape into the world of class and sophistication.

Enter the chic atelier and meet the alchemist, who creates the most precious elixir compositions: three mystical fragrances and two natural oils.

Natural Oils

UTIQUE oils are liquid gold, a treasure which turns everyday care into an indescribable pleasure. By using the blending technique we combined several precious oils so that their effects complemented one another providing rejuvenation, moisturisation and regeneration of the skin. Natural origin is the secret of their power. UTIQUE face and hair oils contain no preservatives, are rich in valuable vitamins, whereas organic certifications confirm top quality origin of selected ingredients.

Tradition and Modernity

In ancient times perfumes were made from natural raw materials and usually had the form of oils and lotions. Initially, only the rulers and the wealthiest citizens had access to these exclusive products. UTIQUE perfumes go back to the roots of classic perfumery where carefully selected natural oils and the notes of nature are combined into an unparalleled quality. Created according to secret recipes, based on precious ingredients. Embodiment of greatness, mystery and exoticism. True masterpieces.

Fragrance is Art

Luxury, elegance, wealth of top quality ingredients – the dream of perfection as well as full harmony of the body and the spirit – this is what the UTIQUE perfumes were born from. To offer the quality that so far could have been experienced when visiting small, highly exclusive boutiques in small districts of the world's fashion capitals. Drawing upon the knowledge of world class senseliers, UTIQUE perfumes are a line of niche fragrances made with top quality ingredients – elixirs with high concentration of essential oils. Perfection, created for those who wish to escape from everyday life and head towards the most sophisticated experiences.

Use it in several ways:

- as a serum or mask on your face, neck and neckline,
 - to massage the face,
- as an addition to your favorite cream.
